

TempAid designs, validates, and manufactures **premium cold chain packaging** for pharmaceutical, biotech, clinical trial, and life sciences customers worldwide.

With production facilities in Canada, China, and Vietnam, we provide VIP shippers, PCM systems, and insulated mailers backed by **ISTA-certified thermal testing and pre-qualified documentation.**

Ice Blankets

FLEXIBLE WATER BLANKETS THAT MOLD TO YOUR PAYLOAD

Standard gel packs protect the space they occupy. **Ice Blankets** protect the entire surface. Built from connected water-filled pouches, they flex when frozen and conform to irregular shapes, wrapping around samples, vials, and parcels to provide consistent thermal coverage where rigid formats cannot reach.
