

tempaid

Navigating
compliance.
Delivering
confidence.

TempAid designs, validates, and manufactures **premium cold chain packaging** for pharmaceutical, biotech, clinical trial, and life sciences customers worldwide.

With production facilities in Canada, China, and Vietnam, we provide VIP shippers, PCM systems, and insulated mailers backed by **ISTA-certified thermal testing and pre-qualified documentation**.

Leak-Proof Gel Packs

FLEXIBLE BEFORE FREEZING, RIGID WHEN YOU NEED IT.

Not all gel packs are built for pharmaceutical environments. **TempAid Leak-Proof Gel Packs** are constructed from thick, pressure-tested poly-nylon (PE/PA) film that handles the weight, the drops, and the freight conditions that standard packs do not. The non-toxic gel cools uniformly, holds cold longer, and is safe for air freight.
